### Current Situation

Firefighters continue to construct fire control lines and extinguish multiple spot fires outside the perimeter. Crews are aggressively constructing direct hand line utilizing Minimal Impact Suppression Tactics (MIST) in the Thousand Lakes Wilderness. With the exception of Lassen National Forest, all highway closures and evacuations have been lifted. The forest is open for recreation and woodcutting. Due to high temperatures and low humidity, there is a potential for increased fire activity. A Red Flag warning has been issued for Sunday with possible thunderstorm and lightning activity. We are asking everyone to use extreme caution, “one less spark- one less wildfire”.
